

summary of cover

Because they are legal documents, Certificates of Insurance contain a large amount of information regarding the cover provided, the exclusions applicable, and many other Terms and Conditions which an Insured is required to comply with. For those who are considering purchasing British Triathlon Federation Cycle Insurance, or for those who may already have done so but find the Certificate of Insurance which we have sent to them intimidating or difficult to follow, **we** have composed a Summary of Cover, to make it easier for **You** to understand what British Triathlon Federation Cycle Insurance offers by way of protection, as well as the other significant Terms and Conditions of which **You** should be aware.

Of course, **we** must emphasise that this is a summary of the Certificate of Insurance and it cannot possibly contain the full Terms and Conditions of **Your** cover, and for a full explanation of those **You** must refer to the actual Certificate of Insurance wording.

security requirements

The cover provided is subject to certain Security Requirements when the insured cycle(s) is at home, at a temporary location, away from home and left unattended, or when it is in or on a motor vehicle. In brief, these Security Requirements are:-

- When a cycle is kept at home, all your normal physical and electronic Security protections must be operational and, at appropriate times, be put into proper use by **You**.
- When the cycle(s) is being left unattended in an outbuilding or shed, the doors of the outbuilding and shed must be locked either by a five lever mortice deadlock or a five lever close shackle padlock on a reinforced hasp and staple, and the windows must be either locked or screwed down.
- When the cycle(s) is being left unattended in an outbuilding or shed, the doors of the outbuilding and shed must be locked either by a five lever mortice deadlock or a five lever close shackle padlock on a reinforced hasp and staple, and the windows must be either locked or screwed down, and the cycle(s) must be locked through the frame by an Approved Lock to a solid, immovable object.
- When the cycle(s) is away from home and left unattended at a railway station it must be secured through the frame by an Approved Lock to an official cycle rack provided by the railway station within the jurisdiction of British Transport Police.
- When the cycle(s) is in or on a motor vehicle it must be stored within the vehicle completely out of sight or secured through the frame by an Approved Lock to a proprietary roof rack or cycle rack properly fitted to the vehicle. All doors, windows, sun roofs and other openings of the vehicle should be securely closed and locked, the car alarm and/or anti-theft device fitted to the vehicle should be set and operational. Thefts from the vehicle should be as a result of violent and forcible entry; and the vehicle must be licensed for road use, comprehensively insured, have a valid MOT and be in good physical condition.
- When the cycle(s) is in or on a vehicle which is left in a car park between the hours of 9pm and 7am. The car park must be an official, private, enclosed and secure car park and the theft must be as the result of violent and forcible entry to or exit from the car park and violent and forcible entry to the vehicle if the cycle(s) was within the vehicle.

These Security Requirements are extremely important and, if a claim is to succeed, You must demonstrate that the Security Requirements which apply in the particular circumstances of your loss were being fully complied with.

extensions of cover

- 1. Family Member Use**

This allows any Member of **Your Family** permanently residing with You to ride or use the Cycle(s) and for it to be Insured, just as though they were **You**.
- 2. Public Liability**

If **You** cause the Death of, or Injury to, or Damage to the Property belonging to, a Member of the Public, and as a result, **You** are liable to pay Compensation, **we** will indemnify **You** up to a limit of £1,000,000 plus any Legal Costs and Expenses which may be incurred with our written consent. If **You** bought the **Family Member Use** Extension this Cover also then applies Members of **Your Family**
- 3. Personal Accident Cover**

If **You** have an accident which results in **Your** Death, or any Loss of Limbs or Eyes, **we** will pay **You** or **Your** representatives the Compensation Benefit specified in the Certificate of Insurance for the particular occurrence. legal expenses insurance

Because cyclists are vulnerable on today's busy roads and there is exposure to a risk of accident or injury, **we** have included within the cover provided, and without any additional premium, cover for Legal Expenses Insurance relating to **Your** cycling activities only. This cover brings with it access to a Legal Helpline.

The benefit of this cover is that following an insured incident, **we** will negotiate to recover your Uninsured Losses and Costs and will assist you with any appeal or in the defence of any appeal. Uninsured Losses include **Your** Policy Excess, any claim **You** may have for personal injuries caused by the incident, and any other costs and expenses incurred by **You** as a result of the incident which are not directly payable by this insurance or any other insurance which **You** may have.

As well as the 24-hour, 7 days a week, Legal Helpline Service, **You** will also have access to a Confidential Counselling Service over the telephone, including, if appropriate, onward referral to relevant voluntary or professional counselling services.

This section of the Certificate of Insurance is provided by DAS Legal Expenses Insurance Company Limited (DAS), is subject to the terms, limits, conditions and exclusions of the Legal Expenses Insurance Cover provided under Section 4 of the Policy which includes a requirement by **You** to allow DAS to handle your claim either directly or through a solicitor appointed by them.

Exclusions and conditions which apply to the whole of the Certificate of Insurance

You need to be aware that, like every insurance policy, there are general exclusions and conditions which apply to the whole of the Certificate of Insurance. These are listed in detail in the Certificate of Insurance and if you purchase British Triathlon Federation Cycle Insurance **You** should be aware of them. It is not possible to list them and to explain them in detail in a Summary of Cover, and the best we can do, therefore, is to draw **Your** attention to them and to their significance and importance.

- Fully complete and sign the Claim Form and return it to **us** with all the information which **we** request from **You** in the **Guidance Notes** attached to the Claim Form.
- **Do not** order a replacement cycle, or hire a cycle, until **we** have approved **Your** claim and told you how **we** intend to settle it. **We** will always try to replace **Your** cycle rather than make a cash settlement.
- If the claim is for personal accident **we** will need to obtain from **You** medical evidence from **Your** doctor or from a consultant.
- If a third party is making a claim against **You** for injury or damage **You** must not admit liability, make any offer in settlement, or do or say anything which might prejudice our position in terms of defending **Your** claim.
